Overall I found Coin master to be a fairly quick game to play, although it is not as addictive as some of the other games on this site. I would recommend giving it a try for 50 minutes or so and see if you enjoy it before you decide whether to purchase it at all. The game itself is free but there are unlockables such as achievements and costumes which can't be unlocked unless you decide to spend your in-game coins (which costs about \$2 per million coins). You can also still play the free version of the game without spending your coins, but you won't be able to unlock all the achievements and costumes as you progress through the game.",

Raiding by jdjejbndndjkd on 2021/03/28 18:34 Ok so I love the game but I was playing in the classroom and I got attacked by someone else while I was playing it. And I lost all of my troops along with half of my castle. I didn't make it through the game to see if my troops came back but it was just devastating. If you can make the game a little more fair like your secret messages and if there is a new army system that is way more fair. And if you do not want people to attack while you are playing. Then maybe put an option where we can play one by one in our own kingdoms or have a leader board or something like that? I really love the game but I think some stuff needs to be changed. Thanks if you can take into consideration.",

Good game but... by mrsam27 on 2021/12/21 18:30 I like the game but there are WAY to many adds! I get them almost everyday and every time I die I get another add. There is no way to skip or turn off them if you want to play with out being annoyed. The guy in the ad that says pay \$5.00 a month and get rid of them is full of crap because I have been trying to find a way to stop getting them since my phone came out and it never worked. If it does when I get the new phone you can bet I'll be deleting this app!!",
